make a difference.

Agilix Solutions is pleased to be a St. Jude Children's Research Hospital® Supporter

Our company is focused on supporting organizations that help make a difference in our local communities. We have been part of the Memphis business community for more than one hundred years. St. Jude Children's Research Hospital® opened in 1962 with headquarters in Memphis, TN, and is doing incredible work with children and families dealing with life threatening cancer and medical issues.

While St. Jude has a local presence, it also has tremendous regional and global reach with their medical discoveries impacting children all over the world. We are asking our valued customers to help us pay it forward by supporting and participating in our 2025 fundraising goal.
